*For further detailed
information about this
workshop, plus additional
reflective group session
[please visit the link here](#)*

Workshop details:

Catalyse is offering this intensive 2-day workshop open to CAT Practitioners or those towards the end of training who are interested in CAT supervision and developing as a supervisor. The workshop is also a valuable opportunity for experienced CAT supervisors to look more intensively at their own practice as part of their own CPD.

However, it is particularly designed for trainee CAT Supervisors or CAT Practitioners who are thinking of training in supervision to become an ACAT Accredited Supervisor. Attendance at this and a follow-up reflective session fulfils the Part 1 ACAT approved Supervisor Training and forms part of the formal ACAT training pathway.
